

Parts Identification

Item #: CAP-6

Western Red Cedar will turn a weathered grey if left unfinished. Although no finish is required for cedar when used outdoors, a natural oil finish applied regularly will help maintain the beauty and minimize cracking and drying. It is recommended to use **Gronomics Garden Bed Oil (Item# GBO-1Q)**, a non-toxic, food safe finish that is very easy to apply.

Apply oil when air and wind temperatures are between 50-90 degrees. Avoid applying in direct sunlight.

If any pieces are missing or replacement parts are required, contact Gronomics at 1-855-299-6727.

NOTE: Tray, brush and applicator can be stored in plastic bag until project is finished.

NOTE: Before disposal, spread rags flat on ground outside to dry. Dispose rag when the rag is hard and brittle.

IMPORTANT: Dispose of rags properly to prevent fire hazards.

Parts List

ITEM	QTY.	PART #	DESCRIPTION
1	1 QT	GBO-1Q	Cedar Garden Bed Oil - 1 QT.
2	1	Brush	Chip Brush, 1"
