

1 Parts Identification

Item #: CC24-32

Stack matching pieces in piles. Using the parts list, locate and count the individual pieces and verify that you have received the correct number of pieces.

If any pieces are missing or replacement parts are required, contact Gromomics at 1-855-299-6727.

NOTE: It is recommended to place a protective layer between the ground and the pieces during assembly. This will help prevent damage to the pieces.

Parts List

Product Care & Maintenance

ITEM	QTY.	PART #	DESCRIPTION
1	1	CC2432	Western Red Cedar Cooler, 20" x 30"
2	4	3200CL	Cooler Legs, 32"
3	1	CCBO	Bottle Opener
4	24	CS8-112ZY	Screws, #8 x 1-1/2"GRK use Torx T15

Western Red Cedar will turn a weathered grey if left unfinished. Although no finish is required for cedar products when used outdoors, a natural oil finish applied regularly will help maintain the beauty and minimize cracking and drying. It is recommended to use **Gromomics Garden Bed Oil (Item # GBO-1Q)**, a non-toxic, food safe finish that is very easy to apply.

2 Cooler Leg Assembly

NOTE: Place a protective layer on the ground for leg installation.

Remove the plastic cooler bottom from the cedar cooler.

Place the cedar cooler (Item 1) on its side on the ground (as shown).

Open the cedar cooler cover.

Place two cooler legs (Item 2) under each side of the cooler (with the straight cut end of the leg flush at the top of the cedar cooler and the beveled cut end of the leg down).

3 Cooler Leg Assembly (Continued)

Make sure the cooler legs (Item 2) are flush with the top of the cedar cooler.

Hold cooler legs tight to the cedar cooler sides and install six #8 x 1-1/2" screws (Item 4) through the cedar cooler walls and into the each cooler leg at the shown locations.

NOTE: Install screws within 1/2" to 3/4" from cedar cooler wall corners.

4 Shock Absorber Disconnect

NOTE: The shock absorber can be disconnected from the cedar cooler cover to aid in ease of screw installation.

Remove the clip from the shock absorber and disconnect the shock absorber from the mount.

5 Cooler Leg Assembly (Continued)

Place the two remaining cooler legs (Item 2) onto the cedar cooler, make sure the cooler legs are flush with the top of the cedar cooler.

Hold cooler legs tight to the cedar cooler sides and install six #8 x 1-1/2" screws through the cedar cooler walls and into the each cooler leg (see step 3 for screw installation).

NOTE: Install screws within 1/2" to 3/4" from cedar cooler walls.

NOTE: Once the cooler legs are secured, re-install the shock absorber onto the mount and install clip.

Close the cedar cooler cover.

6 Bottle Opener Installation

Stand the cedar cooler upright onto the cooler legs.

With the two screws provided with the bottle opener, install the bottle opener (Item 3) as shown, approximately 2" down from the cedar cooler cover.

NOTE: The bottle opener can be installed on the left or right side.

Re-install the plastic cooler into the cedar cooler, make sure the handles on the plastic cooler are in the down position.
