Product Care & Maintenance

Western Red Cedar will turn a weathered grey if left unfinished. Although no finish is required for cedar products when used outdoors, a natural oil finish applied regularly will help maintain the beauty and minimize cracking and drying. It is recommended to use **Gronomics Garden Bed Oil (Item # GBO-1Q)**, a non-toxic, food safe finish that is very easy to apply.

Note: Both winterized cover and lid may become dusty during packaging and shipping. Use any standard window cleaner to wipe down either panel as needed.
