

1 Parts Identification

Item #: RPB 18-18

Stack matching pieces in piles. Using the parts list, locate and count the individual pieces and verify that you have received the correct number of pieces.

If any pieces are missing or replacement parts are required, contact Gronomics at 1-855-299-6727.

NOTE: It is recommended to place a protective layer between the ground and the pieces during assembly. This will help prevent damage to the pieces.

Product Care & Maintenance

Western Red Cedar will turn a weathered grey if left unfinished. Although no finish is required for cedar when used outdoors, a natural oil finish applied regularly will help maintain the beauty and minimize cracking and drying. It is recommended to use **Gronomics Garden Bed Oil (Item# GBO-1Q)**, a non-toxic, food safe finish that is very easy to apply. Apply oil when air and wind temperatures are between 50-90 degrees. Avoid applying in direct sunlight.

2 Side Rail Assembly

Stand two 4" x 4" x 19" corner posts (Item 1) upright with slots facing each post and slots facing you.

Locate a 14-1/2" x 5-1/2" side rail w/cleat (Item 2). With cleat located at the bottom and facing you, install side rail w/cleat into the slots and slide down to the bottom of the slots.

Repeat procedure for the two remaining 4" x 4" x 19" corner posts and 14-1/2" x 5-1/2" side rail w/cleat.

(Soil depth option: Cleats located as shown will provide a soil depth of approximately 10". Reverse side rail w/cleat installation, cleats located at top, if a soil depth of approximately 6" is desired).
